5. Specific course information

- a. Brief description of the content of the course (catalog description)

In this course students interact and produce clear texts on social, academic, and professional subjects with a high degree of fluidity and spontaneity, explaining their point of view through the use of the English language and the communication abilities of the language.

Grammar components are revised, such as the first, second, and third conditional, gerunds and infinitives, passive voice, reported speech, and past participle to be used in oral and written expressions.

- b. Prerequisites

ENGLISH IV - IDIG1004

- c. This course is: Required

6. Specific goals for the course

- a. Specific outcomes of instruction

1.- Identify the general idea and specific arguments in conversations through talks and videos.

2.- Examine information from complex texts, through a variety of readings of contemporary subjects, facilitating autonomous learning of the English language throughout life.

3.- Argue about familiar topics through conversations without previous preparation.

4.- Formally present a topic using a presentation of information related to their academic and/or personal interests.
